

**Hoehenwerkstatt GmbH** is a dynamic, ISO9001 certified company working in the fields of working at height and rope access training in Austria. We pride ourselves as one of the leading companies in Austria in our field working together with customers in the hydro power, telecommunications, energy transmission, wind power industries and building industries catering to the ever changing needs of our customers. We have grown from the start in 1999 to the present day where we now have 4 training centres situated throughout Austria and together with our 15 employees offering a range of standard courses but also able to tailor courses to customer requirements.

Rope access work is taken on from small companies to international customers working to a high (IRATA) standard. We also stock a wide range of PPE and not being tied to one manufacturer we can supply exactly what is needed.
